COMPETITIVE POWER SUMMIT

PRESENTED BY

Join the Electric Power Supply Association (EPSA) for its third annual Competitive Power Summit in Washington, DC, featuring leaders and expert panel discussions on the key issues facing U.S. competitive power. The Summit brings government, industry, NGOs, academic, and media stakeholders together to consider the economic and environmental benefits competitive power has brought to the nation and how the energy landscape and markets will evolve in the coming decades.

2024 SPEAKERS:

Jim Robb NERC

Julie Fedorchak North Dakota
Public Service Commissioner

Rich Dewey NYISO

Pablo Vegas ERCOT

The Electric Power Supply Association (EPSA) is the national trade association representing America's competitive power suppliers. EPSA members provide about 150,000 MW of reliable and competitively priced electricity from environmentally responsible facilities using a diverse mix of fuels and technologies including natural gas, wind, solar, hydropower, geothermal, storage, biomass, and coal. EPSA seeks to bring the benefits of competition to all power customers. Learn more at www.epsa.org and connect with us on LinkedIn and Twitter @EPSAnews.
